EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joerg-Uwe Szipl, no. 31,799 on 14 November 2005. The examiner suggested the amendment to place the claims in proper form for allowance by removing an improper antecedent basis of claim terms.

The application has been amended as follows:

In the claims:

Claims 3, 4 and 6, line 2: "the dial" has been changed to --a dial--.

2. The following is an examiner's statement of reasons for allowance:
3. Regarding claim 1, the prior art of record does not teach or render obvious an electronic timepiece having all of the structure and functionality as claimed, including second indicator means capable of simultaneously designating several non time-related indications/symbols relating to one or more events occurring from among said plurality of scheduled events, wherein said second indicator means is activated in response to a control signal based on comparing a time-related piece of information with stored data relating to the scheduling of said plurality of events

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
